DENVER, CO (April 4, 2007) – The Internet continues to play an increasingly important role in the travel industry by fostering online communities of like-minded travelers and aligning these individuals with appropriate travel product. Today, The Fazendin Portfolio’s Sarah Fazendin has been named a Tango Diva “Diva Diplomat” representing the continent of Africa and acting as a leading source of information and inspiration in one such online community. “Diva Diplomats” are selected from within the Tango Diva online community of adventurous and active women travelers.

Tango Diva is an organization that believes through travel, people gain a clearer vision of what it means to be a positive participant in this ever-shrinking world. The organization’s mission is to equip women with tools that give them the confidence to travel alone. And once they experience the success of flying solo, then they can apply their newfound verve for adventure to their day-to-day lives. For more information about Tango Diva, visit www.TangoDiva.com.
